

SECRETARY GIVENS IS MEETING WITH GRAND SUCCESS

SECRETARY GIVENS IS PLEASED
WITH RECEPTION GIVEN
HIM IN TONOPAH.

"I am indeed pleased with the reception the mining men of Tonopah are giving me and the uniform courtesy with which I am being received," was the reply of James C. Givens, secretary of the American Mining Congress, to a Bonanza representative when asked if his visit to this camp was bearing fruit.

"The people here are alive to the opportunities the congress affords them," said he in addition, "I have secured the names of some of our most prominent operators as delegates to the congress, and their presence will have a most salutary effect upon this camp. At the present time I have seven delegates promised and before I am through I feel sure that the number will be swelled to twenty or twenty-five."

"One thing has struck me most forceful in this camp. Wherever I have been, I have not received one complaint concerning conditions in this camp. Quite to the contrary, the people are seemingly well satisfied. From what I can see they have no reason to feel otherwise. Tonopah is certainly one of the most substantial localities I have seen for a long time. In addition to the mines, which are among the best in the mining world, the town is a distributing center for a large territory."

"Let me revert to the mining congress. Every day makes it more apparent that the forthcoming meeting will be a grand success. From what I am able to glean it will be the largest attended meeting in the history of the organization. Goldfield made a brilliant fight to secure the congress and it was helped a great deal by the fact that this country was such a prolific producer. Many of the delegates to the last meeting were intent on coming to this section of the state of Nevada and consequently stood in with the boosters for Goldfield."

"I will probably remain here for the next few days after which I will take in other sections of the state in the interests of the congress. When I am gone I want the papers and the people to boost for the success of the meeting of the mining men for their coming here means much to both."

SHIPMENT OF \$22,000 FROM THE MONT.-SHOSHONE

The Montgomery-Shoshone mine with its commendable regularity made a shipment of bullion last week and another one will be sent out this week. The two shipments aggregate 11,500 ounces having a valuation of about \$22,000. Although there were one or two little stoppages during the present month the output will be very nearly up to the average. Generally everything is progressing in the usual steady manner.

In the early part of next month a visit of the president of the company, E. S. Bernheim, accompanied by others interested, will be made to the mine, and probably to the Keane Wonder and Pioneer sections.

Because of recent delays repairs have been planned for the water pipe system. Five thousand feet of new pipe arrived this week and will be put into place as rapidly as possible. The old pipe, much of which has been in use for a long time, is badly rusted out.

PIONEER LEASE DECLARES FIRST DIVIDEND

The most important matter in connection with the Pioneer lease during the week has been the conclusion practically arrived at to declare a dividend. While no official announcement is yet made it is understood that a dividend of 5 cents per share will be paid probably on July 15th to 20th. This will also carry with it a stock dividend of one share of stock of the parent company, the Pioneer Bullfrog Mining company, to the holder of each ten shares of Pioneer Leasing stock. As the stock of the parent company is now quoted at upwards of 30 cents per share, this would make the combined dividend equivalent to 8 cents per share. The leasing company has an option upon 100,000 shares of the parent company at 6 1/2 cents, which stock will be taken up and distributed as part of the dividend.

PHILADELPHIA, June 25.—Defeating Miss Louise Hammond of New York in the singles of the final round of the national tournament, Miss Hazel Hotchkiss of California earned the right to challenge Mrs. Barget-Wallach of New York, present holder of the title. They meet tomorrow.

CHARITY DEMANDS THAT SOMETHING BE DONE NOW

CITIZENS WILL BE ASKED TO
HELP A WIDOW IN
DISTRESS.

There's a little cottage in the heart of Tonopah where a drama of life is being enacted which cannot fail to arouse the sympathy of him in whose breast there beats a human heart.

Bending over a wash tub from early morn till late at night a frail widow works beside the bedside of a gray-haired mother whose aged limbs ache with the pains and pangs of rheumatism. A wee tot of a child plays at the feet of her who gave her birth—the same one whose hands are rough with the toil of years—oblivious to the miseries that sorrow and pain bestow upon the many and not upon the few.

'Tis a scene from the stage of life and has been going on for nearly two years. Mrs. Fred Dixon, whom death robbed her of him who had taken her to honor and protect, a widow, is toiling through the day to keep the wolf from the door. The woman in the bed is her mother, who has lain there for two years suffering with rheumatism. The child is the daughter of the widow.

But humanity cries out that something must be done. Friends have taken it upon themselves to help the widow and her aged mother. These friends will ask their friends to help and it is likely that before many more days pass the old mother will be on her way to a sanitarium in this or some other state where she will be given treatment in the hopes that medical skill will be able to relieve her terrible suffering.

Yesterday quite a little sum was collected from those charitably inclined and today the paper will be taken over the town for additional contributions. The money given for such a worthy cause will never be missed. Those who contribute will unquestionably reap abundantly and those who can should certainly come forward and help the widow in distress.

WHY IS THIS THUS?

One peculiarity of the Calhoun case in San Francisco is that Mike Coffey is in the penitentiary for accepting a bribe from Calhoun and Calhoun is not convicted of giving it to him.
